

## Health Care

### Doctors Hospital at Renaissance

Doctors Hospital at Renaissance, formerly Day Surgery at Renaissance, was opened in 1997, by a group of physicians committed to developing a hospital that would provide personalized and high quality health care to their patients. Today, Doctors Hospital at Renaissance is a 506-bed full service acute care facility that has been serving the healthcare needs of the residents of South Texas and the surrounding communities. Doctors Hospital at Renaissance has recently opened a major addition, which includes a new Medical Tower with an expanded Emergency Department, a new Pediatric Intensive Care Unit and Pediatric Oncology services.

Doctors Hospital at Renaissance has a medical staff of over 500 physicians, and provides a broad spectrum of medical and surgical services which include:

Allergy & Immunology	Pathology
Audiology	Pain Management
Cardiology	Palliative Medicine
Cardiovascular and Thoracic Surgery	Pediatric Cardiology

### **McAllen Medical Center**

In 1919, McAllen Medical Center opened its doors to serve the people of the Rio Grande Valley. Today, it's become a large tertiary hospital for specialized treatment with a Level III Trauma Center, making McAllen Medical Center an invaluable healthcare asset in one of the fastest-growing areas in the nation.

The thriving healthcare facility, with 441 beds, offers a broad range of community-focused services. McAllen Medical Center is committed to keeping pace with its patients' changing needs by offering advanced healthcare technology and techniques whenever possible. Today, the medical staff includes more than 400 physicians representing over 50 medical specialties. McAllen Medical Center is affiliated in a joint program with the University of Texas Health Science Center at San Antonio and serves as the academic site for the McAllen Family Practice Residency Program.

McAllen Medical Center is one of five South Texas Health System hospitals owned and operated by a subsidiary of Universal Health Services, Inc. (UHS), a King of Prussia, PA-based company that is one of the largest healthcare management companies in the nation.

301 W. Expressway 83, McAllen, TX 78503 (956) 632-4000

### **McAllen Heart Hospital**

McAllen Heart Hospital opened on January 15, 1996 as a specialty care facility dedicated to the diagnosis and treatment of heart disease. The 60-bed hospital provides comprehensive inpatient and outpatient cardiac care, and a 24-hour Emergency Center. McAllen Heart Hospital was designed to provide an excellent and efficient setting for the diagnosis and treatment of cardiovascular disease. Every physician and every staff member, as well as all the hospital's technological resources are dedicated to delivering high-quality patient care.

McAllen Heart Hospital is also the only hospital in the Rio Grande Valley with full Cycle II Chest Pain Center Accreditation with PCI (Percutaneous Coronary Interventions) from the Society of Chest Pain Centers Accreditation Review Committee. The national accreditation is awarded to hospitals for their speed and efficiency in treating chest pain and heart attack symptoms. McAllen Heart Hospital has also been recognized as #1 in Texas for Cardiovascular Surgery in 2008 by Healthgrades.

1900 South "D" Street, McAllen, Texas 78503 (956) 994-2000

### **Rio Grande Regional Hospital**

In the Valley for nearly 27 years and well known for patient safety and clinical excellence, Rio Grande Regional Hospital an HCA-affiliated hospital, founded in 1982, is a 320-bed, full service acute-care medical facility serving the Rio Grande Valley. With more than 500 physicians representing over 35 specialties, Rio Grande Regional Hospital remains focused and committed to providing quality healthcare as we serve the needs of our patients and community.

We are excited about the tremendous growth and new services being offered through our Pediatric Pavilion. In June 2009, surgeons at Rio Grande Regional Hospital performed the first pediatric open heart surgery in the Valley. Soon, our tiny patients will no longer have to leave the Valley and, more importantly, their families to receive advanced pediatric medical care.

Rio Grande Regional Hospital is also proud to provide the community with the only Accredited Diabetes Management Center by the American Diabetes Association in the area; the only designated Center of Excellence by the American Society for Metabolic and Bariatric Surgery, south of San Antonio; CLIA and CAP Accredited Laboratory Services; Level III NICU with 24/7 in-house Neonatal coverage; and recipient of the 2009 Maternity Care Five Star Rating™ and Women's Health Excellence Award™ from HealthGrades®, the nation's leading source for healthcare quality information. This exclusive award places Rio Grande Regional Hospital within the top 5% of the hospitals nationwide for women's services.
